

# GRACE CITY CHURCH

## HOW WE ARE STAYING COVID-SAFE

---

### **CONDITIONS OF ENTRY**

All attendees are agreeing to our [Conditions of Entry](#) which are clearly advertised.

### **PHYSICAL DISTANCING**

Seating in the Auditorium and Cafe has been set at 1.5m apart. Floor stickers have been placed in high-traffic zones to ensure physical distancing also.

### **ENCOURAGING FACE MASKS**

We strongly encourage all adult attendees to wear face masks while attending services at Grace City. Face masks will be provided to those who don't have one but would like one.

### **INDIVIDUALLY WRAPPED TREATS**

All food is individually wrapped and placed upon seats prior to services. All Cafe Team Members are wearing gloves while preparing and distributing drinks.

### **SANITISATION STATIONS**

Hand sanitizer is set at each check-in point and wall-mounted at each entrance.

### **REGULAR CLEANING**

Support Teams are cleaning all chairs, handles, surfaces, etc, prior to each service.

### **NO MINGLING**

Chairs and tables have been set to encourage social time while seated (and discourage mingling while standing). We are also encouraging the *decreased extent* of interaction and *increased depth* of interaction to reduce excessive contact.

### **NO CONGREGATIONAL SINGING**

While the band will continue to lead the congregation in song, congregation members are not permitted to sing. We will have only 1 singer per week who is set 4m from the front row of the congregation.

### **CONTACT TRACING**

All attendees must check-in upon arrival with their contact information.

### **LIMITED CAPACITY + 4M<sup>2</sup> RULE**

In alignment with Government Restrictions, all services will be limited to 100 attendees and Grace City will continue to comply with the 4m<sup>2</sup> rule.
