

GRACE CITY CHURCH

Student Ministry | 2021-2022

The vision of **Grace City** is to see thousands of disciples, throughout Sydney and beyond, radically committed to the cause of Christ. In order to see this happen, we need to continue raising up gospel workers. We need to see a diverse range of people including parents, students, full-time workers, part-time workers, retirees using their time and talents to serve the kingdom. We need gospel leaders.

At Grace City, we recognise that **Student Ministry** is essential in raising up generations of ministry workers and we are committed to training students every year. We are looking for students at Theological College who desire to serve like Jesus by being practically equipped for gospel ministry. **Could that be you?**

EXPECTATIONS

A Student Ministry position at Grace City would be two years of training and practical experience in the context of a growing, culturally-diverse church. Training would focus on refining pre-existing ministry skills while observing new ministry skills, systems and structures. A Student Minister can expect to refine and develop skills in the conduct of services, pastoral care, leadership, team management, preaching and more.

Student Ministers at Grace City are expected to:

- Work 1.5 days per week
- Attend both Sunday services (9am and 11am) and be a committed member of a mid-week Community Group
- Attend Staff Meetings on Mondays from 3-5pm in the Grace City Office

Each year, Grace City offers **2 x \$6000 scholarships** for Student Ministers.

Brie Pattison

Student Ministry | 2015 - 2017

The Student Ministry program at Grace City taught me to be a disciple-making disciple. While only a day a week, it was a formative aspect of my theological education. I learnt to make theologically-driven decisions, not just pragmatic ones. I had opportunities to practise and develop ministry skills with excellent training and feedback. I am so thankful for this preparation for a lifetime of ministry. I can now apply all that I learnt in my full-time chaplaincy role.

Paul Graham

Student Ministry | 2019 - present

I chose Grace City Church for a Student Ministry position because I wanted to learn how to do ministry better. Everything I've seen Grace City do is thoughtful, intentional and well-communicated. Being a part of the team and being trained by them, has taught me great things especially about leading teams well, creating systems that balance efficiency with pastoral care, and about how we can touch hearts and change lives with the gospel. I'm convinced that my time here already is preparing me well for a lifetime of ministry.

HOW DO I APPLY?

If you're interested in discussing the possibility of Student Ministry at Grace City Church, please get in touch with us via applications@gracecity.com.au to set up an interview.
